

UNIVERSITY OF
WINCHESTER

Degree Apprenticeships

A Degree Apprenticeship can offer the best of both university and work! You can study whilst also earning a salary, enabling you to gain a degree whilst gaining valuable work experience to progress.

To Start

- Take a look at our [Why you should study a degree apprenticeship film](#)
- Degree Apprenticeships will have different entry requirements, [All about School Leavers](#) has produced some information about the types of qualifications you might need to have achieved before you start.

Finding an Opportunity and Applying

- Some benefits of doing an apprenticeship can be found on [Rate My Apprenticeship](#)
- There are a range of degree apprenticeship subjects out there, find out about our [programmes](#), predominantly in computing and business subject areas as well as social work. For NHS opportunities take a look at their specific information at [healthcareers](#).
- To join a programme you need to apply directly to the company you wish to work for – you do not apply via the UCAS application system. Browse our [professional partners](#), where you can see the companies we are currently working with, and apply for vacancies via their websites. The Government's [Find an Apprenticeship](#) service is the main way to search for a degree apprenticeship. This lists all available apprenticeships at all levels.

Going Beyond

- [Prospects](#) have some general information about routes and planning of a degree apprenticeship is right for you.
