<p>Summary: The Tuition Fee Deposit Refund policy for 2022/2023 needs to be revised/updated for the 2023/2024 cycle.</p> <p>The existing policy works well and the attached revised policy has been agreed between The Finance Office and the International Recruitment Team. The only change from 2022/2023 is the removal of references to payment by bank transfer and the change to the FlyWire payment process.</p>	

INTERNATIONAL STUDENTS

POLICY ON REFUND OF TUITION FEE DEPOSITS

Academic Year 2023/2024

1. This policy states how and when a refund of the tuition fee deposit can be made.

Paying a Tuition Fee Deposit

2. International students who wish to study at the University may need to obtain a statement that confirms their place at the University; this is a Confirmation of Acceptance of Studies (CAS). A CAS statement enables international students to apply for a Student visa to enter the UK for the purpose of their studies. In order to obtain their CAS statement, an international student is required to pay a tuition fee deposit to secure their place at the University. This payment should be made directly by the student to the University of Winchester prior to the application for a visa. After paying the deposit, a student will be given a CAS statement by the University. Details of how the deposit can be paid are available at <https://landing-pages.flywire.com/landing/winchester>
3. Upon arrival at the University in Winchester, the tuition fee deposit that they have already paid will be automatically deducted from the tuition fees account for that academic year.
4. If the University is unable to deliver the programme onto which the student has accepted a place, or is not in a position to receive students onto the campus at the scheduled start of the academic year, and the student can therefore not register at the University, the tuition fee deposit will be refunded in full.
5. If the University is not prepared to issue a CAS statement to a student, as it feels the student would be unlikely to secure a Student Visa, the tuition fee deposit will be refunded in full. However, if the CAS statement will not be issued due to fraud on behalf of the student no refund will be payable.
6. If a student fails to register at the University of Winchester, having already paid a tuition fee deposit, an application for a tuition fee deposit refund may be undertaken. The University will consider making a tuition fee deposit refund in the circumstances described as follows:-

Ref number	Reason for not registering at the University	Action taken by the Student and the University	Outcome
1.	The student was not issued a CAS by the University because the University was not confident that the student would secure a Student Visa	The University will make a full refund of the tuition fees	Full refund, without any administration charge

The student must then contact the University to formally request a refund. As part of this process the student must also submit their relevant documentation (usually academic transcripts or English language results but this will be determined by the University). This documentation must be the relevant documents with regard to any conditions the student has on their offer letter but that have not been met in time for registration.</p> <p>The University will then normally offer the student the opportunity to defer their place at Winchester to the next enrolment point for their programme. The University will acknowledge any refund request by email using the email address provided by the student in their **course application** to the University. The number of days notice that the University is given by a student applying for a refund will be determined by the date on which a request is received by the International Recruitment Team.

Processing of refunds

If a refund request is accepted by the International Recruitment Team and meets the relevant refund criteria, any approved refund will be processed by the University's Finance Department.

Please note:

- A refund will be made to the individual or organisation that originally paid the deposit. If a third party has paid the deposit on behalf of the applicant the refund will be made to that organisation. In that case, the University is unable to refund the deposit directly to the applicant.
- Due to UK money laundering regulations, refunds can only be made to the account from which the payment was originally made.
- A refund will be made as soon as possible. Exact times may vary depending upon the method by which the original payment was made.
- A refund will be made in £ sterling. Any bank charges or currency conversion costs incurred in making a refund shall be borne by the student or the third party receiving the payment.

Administration charges

The administration charges that are made reflect the range of costs incurred by the University at various stages leading up to the start of courses and programmes. Such costs include commitments to all relevant staff, accommodation, facilities, equipment and other resources.

Notes

Note 1 The University offers a full visa checking service. This is available to all students and is provided by the International Office. This includes help with checking all forms and documents prior to submission as well as being available for any questions or queries. Please contact the International Recruitment Team for this assistance. As this is available to all students, any mistakes made by a student who has not sought the help of the University will be deemed the responsibility of the student and an administration charge may be levied on any tuition fee refund.

Note 2 The University will determine extenuating circumstances; students are strongly advised to contact the University.
