

Please read carefully and keep all these notes before completing the Housing Information Request Form

Housing on campus

Housing on campus will not be available for Postgraduate students apart from family housing (see opposite).

Housing off campus

Student housing services can help you with your house hunting in a number of ways. To help you get in touch with other postgraduate students, you can be added to a contact list. By requesting to go on the list, you are giving permission for Housing Services to pass your contact details to other students on the list. You can also request accommodation listings, which would include rooms available in off-campus student houses and properties advertised through our landlord forum.

Housing Services has a dedicated off campus housing team who are happy to answer any queries you may have about renting in Winchester, contracts, rents etc. Contact details are at the bottom of the page

To apply for help with house hunting, fill in and return the housing informationrequest form. The notes below are for those applying to live on campus.

What happens next?

The Student Housing Service will send you the information you have requested by email..

Hotmail users:

Our emails often get rejected by hotmail accounts. To make sure you can receive our messages, please follow the instructions below.

- On the action bar at the top of your inbox, click on **Options**, then **More options**.
- Under **Junk e-mail**, click on **Safe and blocked senders** then **Safe Senders**.
- Type **Winchester.ac.uk** into the box and click on **Add to list**.
- Alternatively, set your spam settings to allow messages from senders not on your safe senders list.

Housing for families/couples

There are a very limited number of flats (five 1 bedroom, one 2 bedroom) allocated to students with children or couples. All licences are for 50 weeks - unfortunately, we are not able to offer short term contracts on the flats. If you wish to apply for one of the flats, please include a letter with your form detailing your situation. Priority is given to students with families, then couples. If there is more than one application of equal merit, allocation will be done on a first come, first served basis. Couples are required to provide proof of a previous joint tenancy. Students living in the flats will not be able to bring cars on campus unless they have childcare commitments.

Equal opportunities

The University has an Equal Opportunities Policy to which all students must abide. The University is committed to equality, diversity and an inclusive and supportive environment. All students are required to treat each other fairly and with respect, regardless of their age, colour, disability, family responsibilities, gender identity, marital status, national origins, race/ethnicity, religious or political beliefs and affiliations, sex sexual orientation, socio-economic background or other inappropriate distinction. Any discriminatory behaviour including harassment or bullying, by individuals or groups, will be regarded extremely seriously and will be grounds for disciplinary action, which may include expulsion.
