WELCOME to WINCHESTER
Postgraduate Welcome Pack 2019
Welcome

On behalf of both the University and Winchester Student Union, welcome to Winchester – we are delighted you will be joining us!

We are passionate about making your time at university the best it can be – we want to help you make a success of your time here and beyond. Your transition to university is a really important part of this, so this Welcome Pack is designed to help you get your head around what you need to know in the lead-up to your arrival in September. It includes information about online registration, details of enrolment, a schedule of events for your first week and information about your Faculty.

As a Winchester student you will have the chance to make new friends, immerse yourself in your course, expand your horizons, follow your passions and get involved in countless opportunities open to you – from joining one of our many societies, to competing for Winchester in one of our sports teams to serving as a Student Academic Representative for your course. Throughout your whole time as a Winchester student we have a huge range of wellbeing and academic support available for you to help you succeed (see page 23 for more information).

Ultimately, our hope is to empower you to grow as a whole, confident and successful individual committed to a life of meaning and purpose, determined to challenge the status quo.

Both your University and Student Union are here for you every step of the way. You will see Student Helpers in brightly coloured shirts throughout your first week here – please do ask them anything. If you have any questions in the meantime, please don’t hesitate to get in touch with us on our Arrivals Helpline (information opposite).

We look forward to seeing you here very soon.

Professor Joy Carter DL, CBE
Vice-Chancellor, University of Winchester

Megan Ball

Register Online

REGISTER ONLINE FROM 2 TO 9 SEPTEMBER

In order to confirm your student status, you need to complete a mandatory two-part enrolment process. Firstly, you will need to register online at winchester.ac.uk/register between 2 and 9 September. Secondly, you will need to enrol in person. See page 9 for more information on your enrolment slot.

It only takes about 10-15 minutes to complete online registration.

YOU’LL NEED A FEW THINGS TO HAND

- Your username and password. You can find these in your offer letter from us and in the letter sent with this Welcome Pack. Can’t find them? Don’t worry, get in touch with IT Services on servicedesk@winchester.ac.uk. When you get in touch please quote your seven-digit student number so we can help you quickly.
- Your contact address details for the semester if you’re not moving into University housing. If you’re living in University-managed accommodation, we already have this.
- Your Unique Learner Number – you may have this from your school or college. If you don’t have it, just leave the field blank.
- A photo to upload, which will be on your student card. It needs to be a recent colour photo of you, showing your head and shoulders facing the camera. No one else can be in the picture, no sunglasses and no filters.

Have everything you need to register? Go to winchester.ac.uk/register to complete the process.

Read all of the details on each screen and complete each section as fully as possible (mandatory questions will be highlighted).

The system will log you out after long periods of inactivity, so we’d recommend doing the whole registration in one go if possible.

If you have queried your course details, a message will be sent to our Admissions team who will investigate and get back to you within a few working days with details of how to proceed.

ANY ISSUES REGISTERING ONLINE?

Email arrivalshelpline@winchester.ac.uk and we’ll get back to you as soon as possible.

Remember that the second part of this process is in-person enrolment. Please see page 9 for full details.

IF YOU ARE A DISTANCE LEARNING STUDENT

Please complete the Verification of Identification form (instead of in-person enrolment), which is available in My Record after you have completed the online registration process.

**SATURDAY 21 SEPTEMBER IS FRESHERS FAYRE**

Societies, sports, organisations, support, freebies. Head down to the Stripe Plaza on the King Alfred Quarter from 11am-3pm on Saturday 21 September to discover opportunities to get involved with your Student Union, University and wider community.
Information on fees and finance

Our Finance Team are here to help with any queries about fees or finance. Get in touch by email on credit.control@winchester.ac.uk or +44 (0) 1962 827536. The Finance Office is on the first floor of the Winton Building where you can also pop in to speak to someone. You may also find the answer you need in our full Regulations for Payment of University Fees (winchester.ac.uk/feeregulations).

FEES AND LOANS

University fees enable us to provide a high-quality student experience. As a charity, all our income is used to fulfil our principle objectives – to provide higher education and conduct research. The fees you pay will depend on whether you are a full-time or part-time student. If you are a full-time student you pay the full course fee in Year 1. If you are part-time you pay 50 per cent of the full-time rate in both Year 1 and Year 2. Full information on fee amounts is available at winchester.ac.uk/studentsandmoney.

You may be eligible to apply for a Government Postgraduate Loan - find out more at gov.uk/postgraduateloan. If you do choose to apply, then once assessed, Student Finance will send you a Financial Notification letter to confirm your loan. The first of three instalments should reach your bank account on or around 23 September provided you:

- Applied for and received approval from Student Finance
- Agreed to the Terms and Conditions of your loan through Student Finance’s online declaration
- Fully registered online and enrolled in person at the University

Please note your loan won’t arrive in time for Welcome Week, so please budget for sufficient funds for expenses for this time before your loan comes in.

UNABLE TO PAY ON TIME?

If you struggle to pay any of your fees by the required dates, please contact us as soon as possible by emailing credit.control@winchester.ac.uk or calling +44(0)1962 827265. We can usually arrange a payment plan with you to avoid further actions like charges or sanctions. It is important fees are paid on time; if all or a portion of fees or charges remain unpaid after the relevant due date, charges and/or sanctions may affect your studies. Please see the Regulations at winchester.ac.uk/feeregulations for details on payment options.

WITHDRAWING FROM OR INTERRUPTING YOUR STUDIES

If you consider withdrawing from or interrupting your studies once you are here, it may be helpful to speak to a Student Adviser to explore the options and implications of doing so before making your decision – email the team on student.advice@winchester.ac.uk or call on +44 (0)1962 827341.

If you do withdraw from or interrupt your studies, you should contact Registry on registry.enquiries@winchester.ac.uk or +44(0)1962 827210. You may be liable to pay a proportion of your tuition fees. Once you speak to Registry, you should also inform Student Finance if you have a loan.
**STUDENT SERVICES**

We have male and female counsellors available and counselling can be provided via Skype chat and email.

Terms and Conditions

The following is a summary of the key terms in the University’s Terms and Conditions. The full Terms and Conditions are available at: www.winchester.ac.uk/TermsandConditions

Please ensure you read the full Terms and Conditions and relevant University Regulations (as stated in the full Terms and Conditions) before accepting an offer of a place at the University and before enrolling.

PRE-ENROLMENT CONTRACT
A Pre-Enrolment Contract is formed between you and the University when you accept the offer of a place. If you do not Enrol by the deadline you have been given by the University, your Pre-Enrolment Contract will automatically expire at 23:59 on that date.

You have a 14 day statutory cancellation period during which you can change your mind about accepting an offer to study at the University. Even after this period, you can cancel your Pre-Enrolment Contract at any time without incurring any fees to the University.

ENROLMENT CONTRACT
When you Enrol, your Pre-Enrolment Contract automatically expires and a new Enrolment Contract is formed between you and the University. This is when you become responsible for paying tuition fees.

If you Enrol online, there is a 14 day statutory cancellation period during which you can change your mind about coming to study at the University. The period runs from the date you Enrol online. If you cancel your place within this period, you will receive a full refund of any tuition fees which you have paid to the University.

If you Enrol in person, there is no statutory cancellation period, but if you withdraw from the University, transfer to another institution or take time out (interrupt your studies) within the first three weeks of your Course date, you will receive a refund of any tuition fees paid but the University reserves the right to retain any deposit paid.

If you withdraw from the University, transfer to another institution or take time out (interrupt your studies) after the first three weeks of your Course date but before the end of the Academic Year, refunds/credits are not automatically given, but, unless you retain a statutory right to cancel, which entitles you to a full refund, the University will refund a proportion of any Tuition Fees in accordance with the Regulations for the Payment of Tuition Fees. You are strongly advised to discuss the implications in advance with relevant University staff since such decisions can have significant implications.

If you materially breach the Terms and Conditions or University Regulations, the University may terminate your contract.

In certain circumstances only, the University may make changes to, or discontinue your Course or change the Terms and Conditions or its Regulations. Please see the full Terms and Conditions for details.

TUITION FEES
The University charges Tuition Fees for the delivery of its Courses and you will have primary responsibility for payment. Please see full Terms and Conditions for details.

If you do not pay your tuition fee, the University may charge interest on any outstanding tuition fees, withhold services from you and withdraw you from your Course. You will not be able to re-Enrol or attend a graduation ceremony if you have tuition fee debt.

ADDITIONAL COURSE COST
Additional costs are the mandatory or optional expenses, additional to tuition fees, that need to be paid for by students to fully participate and complete their studies. This covers such things as equipment, trips, placements and DBS checks. Each Course has different additional costs involved and these are listed on the relevant Course web site.

INTELLECTUAL PROPERTY
The University recognises that each student is the owner of the intellectual property they create during their studies. This can range from a formal warning to expulsion from the University. Please see section 12 of the full Terms and Conditions for details.

STUDENT REGULATIONS
Students are required to abide by the University’s Regulations and associated Policies. Please see the full Terms and Conditions for a list of these documents and how to access them.

CODE OF CONDUCT
Students are required to abide by the Student Conduct Policy. Some courses also have professional conduct requirements.

BREACH OF REGULATIONS
The University will investigate allegations of misconduct in accordance with its own procedures and students found in breach of these may be subject to disciplinary sanctions. These can range from an informal verbal warning to expulsion from the University. Please see section 12 of the full Terms and Conditions.

If you do not meet the assessment requirements for your University level and/or course, you may be permitted to progress to the next stage of your Course, you may have to repeat assessments or modules or you may have to withdraw from your Course and may not be awarded the qualification for which you are studying.

Students found in breach of the Academic Misconduct Regulations may have sanctions imposed which can range from a formal warning to expulsion from the University.

If you wish to appeal as an applicant, please follow the Appeals by Applicants Policy.

If you are an enrolled student, please follow the Academic Appeals Regulations.
